The New Garage

On the Side.

They're telling the story about a local man who recently returned from a short visit to the Coast, and it rained all the time he was there. He went on a boat trip off shore one day, and it still rained. Then he decided to ask a scoundrel who belonged there if there was any prospect of clearing up.

"I say, chappie," he began, "how long has it been raining?"

"Dunno," was the reply. "I've only been here fifteen years."

Tuesday's Chinook had an immediate effect, apparently, as we note the arrival on that day of a poem entitled "Thumping It Coming," by Mr. Lisby.

"Things aren't really so rotten as we sometimes think they are—a local grain grower last week sold a car of grain which netted him 92½ a bushel.

Those coldest-winter-in-history prophets deserve punishment, says a writer in the Edmonton Journal; they should be made to wear some of this scratchy underwear they caused us to buy.

This week's issue sees the end of a series of beautiful poems published exclusively by The Sun. Those whose genius runs to poetising will kindly note that any further contributions inserted will be charged for at the usual advertising rates.

"Post No Bills" would be a splendid sign to put over a letter-box, says an exchange, and we heartily agree with this.

A correspondent wants to know what's the idea of the new Farmer Government giving us a late spring?

And still another asks, How are we to know if the moonshine liquor is being made under sanitary conditions.

Saturday's Court.

A sitting of the local J. P. Court was held on last Saturday afternoon, when the case of James R Poaps, charged with the theft of lumber cut on the E ½ 32 53 27 4, came up for a hearing.

Some half-score witnesses were called, all of whom testified that they had purchased, or hauled away, lumber from the Poaps sawmill, situated on the land in question.

Mr Griffiths, who is attorney for Mr Jas. Playfair (owner of the timber berth), was represented by Mr F W Lundy; while the accused, J R Poaps, had Mr F J Jackson, of Edmonton, as counsel.

The evidence taken was of a somewhat conflicting nature. Much interest was taken in the examination of Mr Griffiths by the defendant's lawyer. Several sharp encounters took place, in which the Senator from Muir Lake did not always get the worst of it.

The battle of wits continued for some time, when one of the presiding Justices asked the contestants to kindly "cut the comedy," as he was twenty-five miles from home, and wanted to make it in that evening.

The case lasted some four hours, with an intermission when the evidence had finished.

After weighing the evidence, the Justices gave the decision that the charge was not proven, and the case against Poaps was dismissed.

Sale of Beer Is Urged.

Requesting the Government to give consideration to their demand for a plebiscite to the people of the Province on the question of the restoration of the sale of strong beer, a delegation including members of the Alberta Federation of Labor and G. W. V. A met the Provincial Cabinet on Friday. The delegates urged upon the Government that the return to the sale of beer would do away with bootlegging and eliminate the sale of much of the bad liquor now being circulated.

Premier Greenfield told the delegation that he did not want to enter into any argument in this connection at present, but stated that the Cabinet would give consideration to the request, saying that the whole Liquor Act and its enforcement was now under review.

For Sale, A Racehorse.

Those desirous of adding a racehorse to their collection will have a good opportunity to so do on Wednesday next, when that celebrated trotter, "Pickles," will come under the hammer.

It would be somewhat superfluous to sound the praises of this noted equine while the memory of its track performances is so fresh in the minds of the local followers of the racetrack performers. Suffice it to say that "Pickles" has an unbeatable record, and one any horse owner might be proud of.

The only reason that this good steed is on the market at the present time is the fact that his recent owner, Major Dennis, a short time ago signed a two-year contract with the Government forces, and is now stationed at Prince Albert, Sask., and will therefore be unable to give Pickles the attention a first-class racehorse requires.

Those interested should attend the sale, and bid.

Sir James Craig Issues Manifesto On Kidnapping Incident

Belfast.—Sir James Craig, premier of Ulster, issued a manifesto to the people of Northern Ireland declaring the British Government was responsible for the day's kidnapping outrages because of its demobilization of the special constabulary following the Irish truce.

The kidnapping incidents, declared Sir James, would strengthen the Ulstermen's determination that "what Ulster has she holds."

The manifesto follows:

"I have received, with grave concern and deep regret news of incursions into the territory of Northern Ireland by armed bands of the Irish republican army. I send deepest sympathy to the relatives of those murdered, and compliment most highly the various constabulary forces who so promptly rose to the occasion and displayed great gallantry to rid our borders of the enemy."

"Had the British Government shown courage this would never have occurred. I place the responsibility on their shoulders for having demobilized the special constabulary in consequence of the truce. I would have returned at once had it not been necessary for me to take prompt and vigorous steps on this side to ensure that such an outrage on the people of Ulster cannot again be perpetrated, and that those of our people who were carried across the border are speedily returned to their homes."

"I may be relied upon to back up every individual in whatever steps are considered wise to support our authorities, and have arranged for the immediate distribution of arms necessary to protect our border. Every help will be given, and I reiterate my firm determination," as announced to Mr. Lloyd George, Monday, not to surrender any portion of our territory except with the consent of myself and our Ulster Government."

"This series of dastardly outrages will never be forgotten; it merely strengthens our determination that what Ulster has she holds."

His Rheumatism Gone He Rejoices

Mr. Mike Karaim Praises Dodd's Kidney Pills

Saskatchewan Man Who Suffered For Two Years Gives the Reason Why He Recommends Dodd's Kidney Pills.

Stoney Lake, Sask.—(Special).—"I suffered for two years from rheumatism but I am glad to tell you I am well again." In these words Mr. Mike Karaim, a respected resident of this place gives the reason why he recommends Dodd's Kidney Pills to all his friends.

"I spent a lot of money on other medicines, before I tried Dodd's Kidney Pills," Mr. Karaim continued. "I only used two boxes of them and now I feel fine."

Rheumatism is caused by Uric Acid in the blood. The natural way to treat it is to strengthen the kidneys so they will do their full work and strain all the uric acid out of the blood.

Dodd's Kidney Pills make strong healthy kidneys. Dodd's Kidney Pills have been in use in Canada for more than a quarter of a century. They have grown in popularity year by year because of the work they have done.

Ask your neighbors about Dodd's Kidney Pills.

Ottawa.—Now that the shareholders of the Merchants Bank of Canada have agreed to absorption of their institution by the Bank of Montreal, permission of the government will be necessary before the two banks can be merged. Following the meeting of the Merchants Bank shareholders, application must be made to the government for authority to go on with the undertaking. This application will be dealt with by the treasury board, and permission will be granted if the board sees fit to do so. There is no reason to think that it will be refused in the case of the Merchants Bank and the Bank of Montreal.

France Will Ask For Guarantees Before Going To Genoa Meet

FIRST STEP TOWARD LASTING PEACE

JAPANESE PREMIER'S OPINION OF RESULTS OF WASHINGTON CONFERENCE

Tokio.—The agreements reached at the Washington conference marks the first step toward establishment of a real and lasting peace, with the possibility of abolition of armaments. Premier Baron Takahashi told the House of Peers.

"The Imperial Government does not pretend that the conference was an unequalled success as viewed from an individual standpoint," he said. "It does believe with the other powers that the present agreements are the first step toward realization of a real and lasting peace, and that such agreements will grow in the future even into an understanding for the total abolition of defense equipments."

The premier's utterances came in reply to an interpellation by Baron Sakamoto.

Opinion in both social and industrial circles is that the ten-year naval holiday will prove a decade of peace and prosperity for Japan.

Firemen Sent to Prison

Refused to Work on Government Freighters With Negro

Vancouver.—Twelve firemen who refused to work in the stokehold of the Canadian Government Merchant Marine freighter, Canadian Winner, because a West Indian negro was employed there, were sentenced to four weeks' imprisonment each by two magistrates, in the Admiralty Court. The men, who pleaded guilty, were punished under the Admiralty Act. Magistrate Prescott pointed out that the ship had been held up three days through the action of the men, incurring demurrage of \$700 a day. When the Winner cleared for the Orient with a new crew the West Indian was working in the stokehold.

Conference Futile

Premier Smuts Fails to Reach Agreement With Miners

London.—Premier Smuts of the Union of South Africa had another conference in Pretoria with representatives of the gold and coal miners now on strike, with a view to reaching an understanding, but the conference was fruitless, according to a Reuter despatch from Pretoria.

Fire Loss \$40,000

Calgary.—Fire which broke out in the interior of the McCoubrey and Peterson's store completely destroyed the stock and damaged the Rex rooming house above, causing damage estimated at approximately \$40,000. The origin of the fire has not yet been ascertained. The damage is covered by insurance.

Paris.—Premier Poincaré has reaffirmed the French Government's determination to seek guarantees before going to the international economic conference at Genoa. He made this clear at a secret session of the foreign affairs commission of the chamber of deputies to which he gave complete details of the government's plans and copies of documents.

The Premier said it was France's right and duty before going to Genoa to get the necessary assurances that none of her rights under existing treaties, nor those concerning the League of Nations would be jeopardized. But as to whether French delegates actually would go to the conference or not, he said: "It is not for France to either accept or decline an invitation issued in her name."

London.—It is unlikely that the French Government's request for a three months' delay in the opening of the Genoa conference will be met by Great Britain. It was stated in official circles here.

There are no objections to a delay of a week or even two weeks, it was said, but so far as Great Britain is concerned, the solution of the problems to be considered at the conference would not be benefitted by months of preliminary investigation.

Decision of the question of delay, however, obviously rests with the cabinet, which is considering the French proposals regarding the agenda of the conference.

Appeal for Cordial Relations

France and Great Britain Being Put to Test

London.—The Franco-British Association, says Reuter's correspondent in Paris, has issued a long appeal to public opinion on both sides of the English Channel to preserve the entente cordiale between France and Great Britain, which the appeal says, is now going through a test on the result of which hangs the fate and civilization of Europe. It urges the conclusion of a real entente by the signing on a basis of equality of the pact which is now the subject of negotiation between the two countries.

That Is What You Can Do Provided You Take Advantage of Our Offer

We have made arrangements with the E. H. Heath Co. Limited who publish the **CANADIAN POWER FARMER** whereby we are able to offer that farm magazine together with our own weekly at the one price for both papers.

The **CANADIAN POWER FARMER** is Western Canada's biggest farm monthly. It is now in its twentieth year which means that it is thoroughly established throughout the West. It deals with the mechanical side of the farm. Every issue is full of helpful hints and experiences on the operation of all kinds of farm machinery from a washing-machine to a tractor. Its editor has just completed a trip of several months over Western Canada in a motor car for the purpose of studying the mechanical needs of the farmers. He visited the farmers, lived with them and worked with them. The results of his trip will appear during the next twelve months.

This offer may be withdrawn at any time. Without doubt your intention is to renew for this weekly, then why not take advantage now. Your subscription to this weekly together with a year's subscription to **THE CANADIAN POWER FARMER** for the same price as this weekly alone. This is where you make \$1.50 on a bushel of wheat.

ATLAS LUMBER CO., Stony Plain

The Drunkard's Home.

(By Marion Pailor, Stony Plain.)

The room was small, the walls were bare.

Save for a faded portrait hung.

The likeness of a bride and groom:

Where slanting rays of morning sun

Touched lips with life and cheeks with bloom.

A small cot in the corner stood,

Stove, table, cupboard, bunk and chair.

Told tales of poverty and gloom.

Yet cleanliness, and thought and care.

The little form upon the cot,

Now shrunken thin from lack of food.

Moves, and in plaintive whisper calls: "Mama."

The faded beauty rose and stood

With air despairingly, resigned,

Then slowly toward the cot she turns:

"What is it darling, baby mine?"

With mother love o'er him she yearns.

The tiny fingers clasp her neck.

The fevered lips to hers are prest.

Bravely she struggles with her fears.

Then clasps the frail form to her breast.

"Oh Lord! if thou wouldst spare him—yet."

"How can I live if he should go?"

"My burden seems so great today."

"But as thou wilt, it must be so."

In sudden terror then she rose.

A sound of someone shuffling in.

The bloated face and bleary eyes

Are products of the dives of sin.

As he lurched with unsteady step.

She neared him with a timid sigh:

"Oh John! the babe is growing worse."

"I almost fear that he may die."

At that he raised his clenched fist.

And with a maudlin drunken curse,

He struck her in the once fair face.

And cruelly felled herto the earth.

Then lurching toward the cot he moves.

And gazing with unsteady eye,

He sees the babe they both have loved.

But something strange seemed standing by.

He raised his hand again to strike;

A piercing scream floats o'er the cot

His hand drops listless to his side;

He looks again, but sees it not.

He faces upon the pillow lay.

An ashy paleness o'er it spread.

His sobor self within him stirs.

Sees with horror, he is dead.

"Oh, God on high! What have I done?"

"Have I been, also a murderer?"

"Have wrecked my life, and wrecked my home,"

"And failed to keep my vow to her."

"And 'twere not for the cursed rum,"

"My babe would be alive today,"

"Oh, Heavenly Father to me come!"

"And help me drive the curse away."

In sadness from this scene we turn.

Oh, men, oh fathers of the land!

Will you not down this cursed vice?

And help your weaker brother stand?

Your son may share this drunkard's fate.

Your daughter be some villain's slave.

Oh rise, before it is too late:

And save them from a drunkard's grave.

SAVED HER FROM AN OPERATION

So Thinks Mrs. Tracey of Ontario, Regarding Lydia E. Pinkham's Vegetable Compound

Knightbridge, Ontario—"I took Lydia E. Pinkham's Vegetable Compound at the change of life for troubles from menstrual ailments. I have not had them since. I have not been well for a year and was not really able to do my work."

"I think who had taken the Vegetable Compound had recommended it to me and I think it saved me from an operation. I highly recommend it to all women who have troubles like mine, and am willing for you to use my testimony."—Mrs. DANIEL J. TRACEY, Knightbridge, Ontario.

Some female troubles may through neglect reach a stage when an operation is necessary. But the most common ailments are not the surgical ones; they are not caused by serious inflammation, tumor or cancer, although the symptoms may appear the same.

When disturbing symptoms first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles.

London to Algiers in Single Day

Airplanes Being Built Will Accommodate Sixteen Passengers

Today, if you want to go to Algiers, on the African coast of the Mediterranean, to enjoy the hot winter sunshine and to live among the flowers, you must go by train to Paris, which takes you ten hours, then by train to Marseilles, which takes you 18. At Marseilles you wait until a steamer carries you across to Africa in 30 hours more. Altogether you will hardly do the journey comfortably in less than four days!

Next winter it may be possible to leave London after breakfast and arrive in Algiers in time for coffee and rolls the next morning. The first stage of the journey will be made by aeroplane. Paris will be reached by lunch-time, and after lunch the night will be resumed, passengers being due in Marseilles at half-past five in the afternoon.

Then, after dinner, they will step into an airship, which will cross the Mediterranean during the night and land them at nine o'clock, just 24 hours after they left London.

The aeroplanes for this service are being built with seats for 16 passengers, and a kitchen which can keep soup and tea and coffee ready for those who want refreshment.

One of the airships to be used is the North Star, which Germany surrendered to France after the war. Far better than it should be put to peaceful purposes than used as a bomb dropper.

DO YOU FEEL WEAK AND RUN DOWN?

In This Condition a Tonic Medicine is Needed

The condition of being "run down" is one that doctors do not recognize as a disease, but those who are run down in health know that it is not a fancied affliction.

The expression "run down" applied to health means a condition in which the bodily functions are enfeebled. Appetite fails, the digestion is impaired, the nerves are impoverished, the complexion becomes pale or waxy, there is no animation, but rather worry and mental depression. Fatigue is a constant symptom. No particular organ being affected, you must look for relief to the blood. As it circulates through every part of the body, any improvement in the condition of the blood is quickly felt throughout the entire system. Cases of this kind a tonic medicine is what is needed and Dr. Williams' Pink Pills are recognized as a valuable tonic because of their direct action on the blood and through the blood on the nerves giving tone to the system generally and restoring vigor. Where the system is run down the value of this medicine is shown by the statement of Mrs. Gregory, J. Murphy Lower Ship Harbor East, N.S., who says: "About a year ago I was completely run down. I was so nervous and weak that I could scarcely do my housework, and the least exertion left me breathless and tired out. A neighbor advised Dr. Williams' Pink Pills, and so much good did they do me I feel quite like the different woman. I hope some other suffering woman may benefit by my experience."

Dr. Williams' Pink Pills can be had through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

For Both House and Stable—There is a good deal of similarity physically speaking between human beings and the lower animals. Both are subject to many ailments arising from inflammation and to all manner of cuts and bruises. Dr. TIGON'S Electric Oil is an entirely reliable remedy for such ailments and mishaps in both human beings and the lower orders of animals.

Joe Jefferson's Placidity

The unflinching people of mind displayed by Joseph Jefferson, the actor, is illustrated by a story told by Gamaliel Bradford in the "Atlantic." One night the stage curtain, he says, dropped unexpectedly in the midst of a critical scene. Jefferson accepted the situation with perfect calmness. Afterward he inquired the cause of the trouble, and one of the stage hands explained that he had leaned against the button that gave the signal. "What?" said Jefferson, "told you kindly and some other place to lean tomorrow night!"

Mother! Move Child's Bowels With California-Fig Syrup

Hurry mother! Even a sick child loyes the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. "Mother! You must say 'California' or you may get an imitation fig syrup."

Fits His Forts

An American doctor was summoned to the bedside of a child, whose complaint entirely baffled him.

"Never mind," he said to the anxious mother, "I'll give the little chap a powder. Then he'll have a fit, and I'm a dab on 'em."

Blue Cloth and Gray Squirrel Combined

By Marie Belmont

Costs and suits make popular the combination of blue cloth and squirrel and seldom are two more effective colors used together.

This suit, with its straight box coat is of navy blue tulle. Its large pockets and sleeves are stitched in blue and blended in gray squirrel. The close-fitting chin collar adds a youthful touch in its tulle of navy satin ribbon.

Blue or gray may be the predominant note in a crepe de chine or cotton blouse worn under the coat. A blouse of tear-away style is smart, and effectively tops the suit skirt.

School Board Meets.

A meeting of Stony Plain Consolidated School Board was held on Friday evening last, at the office of the Secretary with all the trustees present, and T. J. Hardwick in the chair.

Among other matters, it was suggested that, as a preventative measure, the school building be again disinfected.

Some discussion took place on the advisability of having each pupil attending at the school examined by the Medical Health Officer.

The Trustees decided to press for action in the matter of the arrears of school taxes owing by the C. N. Townsite Co. The arrears of taxes now amount to some \$900, and it was thought that some steps should be taken to have immediate action in this particular case.

Several accounts were passed and ordered paid; other minor matters were then attended to, after which the meeting adjourned.

Things Easing Up a Bit.

With the announcement by Hon. R. G. Reid that tax delinquents may still vote, and the prospect of a reduction in the price of coal, and the decision of an Ontario judge that a man may burn his house down if he wants to, it begins to look as though life is getting easier, says the Edmonton Journal.

The Valentine Party.

A very enjoyable Valentine party was held at the local schoolhouse on the evening of Friday last, 10th inst. The party was under the auspices of the pupils of the two senior rooms.

Games of all kinds were indulged in by the young people present, and by some of the older folk attending the party.

About midnight a dainty lunch was served by Miss Lalonde and Miss Robertson.

An enjoyable evening was brought to a close by the singing of "Auld Lang Syne" and the giving of three cheers for the two popular teachers.

Among those present were: Mesdames Clarke, Wood, C. H. Holling, Umbach and Bishop; the Misses Lalonde, M. Robertson, M. Anderson, E. Umbach, Theresa Miller, Julia Miller, Tiny Umbach, Mabelle Clarke, Philippina Adolph, Jean McMillan, Etta Staub, Louise Enders, and Amy Foerster; Messrs W. E. Hainsworth, Ed Oatway, F. K. Clarke, G. While the Farms would be closed at the places mentioned, it is planned to retain 20 acres at each place, with the buildings, to be utilised as a residence for the District Agent and for experimental plots.
